

4PB Family Conference

7th June 2017

4PB's annual private client conference is on Thursday 29th June at Glaziers Hall.

The day conference will cover a number of cutting edge issues such as international and private law transparency and media issues, vulnerable witnesses and personality disorders and finally, financial remedies for children of unmarried parents. The 4PB team will be joined by leading mediators and media law experts. We are delighted that Mr. Justice Alastair MacDonal has agreed to give the key note speech.
