29th January 2025

The West Sussex Resolution Family Law Seminar is just one week away, and we are delighted that Catherine Wood KC has been invited to share her expertise in arbitration.

As one of the first barristers to qualify as an Arbitrator in children's cases and a registered Member of the Chartered Institute of Arbitrators, Catherine is widely regarded not only as one of the leading experts in family law but also as a trusted authority in arbitration, with extensive experience, including 18 years as a Recorder on the South Eastern Circuit, to draw upon. Consistently recognised in Chambers and Partners and Legal 500 for over 20 years, she is praised as an "excellent and persuasive advocate who has enormous authority." and known for being "exceptionally prepared."

Her session, "Everything You've Always Wanted to Know About Arbitration (But Were Too Afraid to Ask)," promises to offer a practical and engaging overview of arbitration.
